Re: USSN: 08/920,433, Filed: August 29, 1997  
Entitled: *Method and System of Providing Access Privileges to Records of Members of a Community*  
Attorney (EDS) Docket No. 43-97-001  
Our File No. 014208.1183

Dear Ms. Green:

Pursuant to phone conversations with Anthony Smith, please find enclosed complete copies of patent prosecution documents filed with and received from the USPTO from our file in the above referenced matter. It is our understanding that these documents are needed to replace a lost PTO prosecution file. It is also our understanding through a conversation with Examiner Tran, that once the PTO has received these copies, the PTO will then be able to process our Petition to Revive filed in August of 2005.

If you have any questions, comments, or require any additional information, please do not hesitate to contact me.

Very truly yours,

BAKER BOTTS L.L.P.
